Kerish Products presents Kerish Doctor 2019, the new version of integrated solution for computer care

June 30, 2019

The Russian team of the Kerish Products developers announces updating Kerish Doctor, an integrated solution for computer care, up to the 4.75 version.

The product is positioned as a complex for Repair + Cleaning + Optimization + Protection, which prevents failures, fixes system errors, removes digital 'garbage', improves performance, and protects your computer.

In the new version added the ability to select a dark, light or user interface theme. The application optimized for large screen resolutions (including 4K displays). Added the ability to search through program reports and other improvements.

The developers updated the interface, enhanced the operation stability and added many minor improvements.

You can find more information and download the latest version of this product on www.kerish.org.
